

<b>Sprint 2</b>								
1	As a Program Office user, I want to add rooms to buildings, so that students can reserve them.							
2	As a student, I want to view available rooms, so that I can book a room that is free.							
3	As a student, I want to view my reservation history, so that I can track and manage past bookings.							
4	As a Program Office user, I want to view approved classroom reservations, so that I can manage room usage.							
5	As a Building Incharge, I want to view approved breakout room reservations, so that I can manage room availability.							
6	As a student, I want to cancel an approved booking, so that I can free up the room for others if I no longer need it.							
7	As a Program Office user, I want to reject classroom bookings, so that I can manage conflicts or misuse.							
8	As a Building Incharge, I want to reject breakout room bookings, so that I can handle conflicts or incorrect reservations.							
9	As a student, I want to receive notifications when my booking is approved, rejected, or cancelled, so that I always know the status.							
10	As a Building Incharge, I want to post announcements, so that students can be informed about important updates.							
11	As a Building Incharge, I want to delete announcements I created, so that I can remove outdated or incorrect information.							
12	As a student, I want to view all announcements, so that I stay updated on building information.							
13	As a Building Incharge, I want to view the announcements I posted, so that I can manage and edit them if necessary.							
14	As a student, I want to filter announcements by building, so that I can easily find relevant information.							
15	As a student, I want to view available rooms by type (Breakout or Classroom), so that I can choose the right kind of room.							
16	As a student, I want to reserve a room from the available rooms, so that I can book a space for my use.							
17	As a student, I want to view available rooms by building, so that I can book a room in a specific location.							
18	As a student, I want to search for a room using type and partial room name, so that I can quickly find the room I need.							
19	As a student, I want to view all rooms, even if unavailable, so that I can explore room details and plan ahead.							
20	As a user, I want to view the list of buildings, so that I can see all facilities available for reservations.							
21	As a user, I want to verify my registration using an OTP sent to phone, so that my account is authenticated securely.
